## FIREWARDS' REPORT

---

We had several fires during 1931. Four of these fires were serious: Namely house on Gee farm, total loss. Complete set of buildings at State Line known as Daniel Atwood place, total loss. Cottage at Lake, partial loss. Amidon store at Depot, badly damaged.

We had very few grass fires.

We feel the taxpayers should be considering seriously making a change in the storing of the Depot fire equipment.

The equipment of the two departments consists as follows, one motor driven pump, one chemical engine and pails, shovels and hose and a fair supply of hose.

Respectfully submitted,

CLARENCE M. DAMON, Chief,  
WILLIAM H. DAVIS, Clerk,  
FRANK T. ANGIER.

Firewards.

## ELLIOT INSTITUTE

---

During the past year your Trustee arranged for three entertainments, although the last one coming on February 19, is not quite within the fiscal year.

In numbers the past year's schedule is less than in any year, but in quality of entertainments we feel it has surpassed anything we have had in previous years.

It seemed to be the general opinion that the concert given late in August by eight solo players from The Boston Orchestral Players was the finest musical entertainment the town has had.

We hope in the future to have one entertainment of high quality each Fall which our summer friends may enjoy with us.

Respectfully submitted,

JAY ESTES JACKMAN,

FRANCIS R. PARKER,

WALTER R. PORTER,

Trustees Elliot Institute.

## THE REPORT OF THE FITZWILLIAM DISTRICT NURSING ASSOCIATION

From June 1st, 1930, to May 31st, 1931

---

Visits to homes, 1,002. Social service visits, 235. School visits, 45. A Pre-school and Baby Clinic under auspices of the State Division of Infancy and Maternity was held in August. The twenty children present were weighed, measured and given a thorough physical examination.

There were 161 children on the school census at the time of the annual examination given by Dr. Emerson and the district nurse. At the time of this examination the following defects were found: diseased tonsils 31, adenoids 32, defective vision 8, defective teeth 29, poor posture 5, 10% underweight 10, anaemia 1, enlarged thyroid 1, enlarged glands 3. All had been vaccinated. Since this examination 15 have had tonsils and adenoids removed, 5 fitted with glasses and 11 have had dental defects corrected. Seven of the 10% underweight children have gained.

During the year children excluded from school, mumps 49, chicken pox 7, pediculosis 8, skin diseases 12.

During the year many articles of wearing apparel have been distributed, several layettes made and given the nursing association by the Library Sewing Circle have been used to advantage, books and magazines have been placed in the homes of shut-ins.

Through the generosity of a former resident of Fitzwilliam, Mr. Samuel S. Simonds now of New York City, Thanksgiving and Christmas boxes of food and fruit were distributed, many children were supplied with new overcoats, caps, raincoats, rubbers and overshoes, all of which were greatly appreciated.

I wish to thank the public for the way in which they have received the nurse. I also wish to thank Dr. Emerson, Superintendent of Schools, Teachers, the School Board, officers and members of the District Nursing Association for their splendid co-operation.

MARGUERITE E. DAVIS, R. N.

District Nurse.

MRS. FRED R. BOYCE,  
Chairman.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the Fitzwilliam School Board:

I submit herewith my fourteenth annual report as Superintendent of Schools, this being the thirty-second in the series under union supervision.

The only changes in teaching positions at the close of the school year in June, 1931, were made in the intermediate school at Fitzwilliam Village and in the primary school in the Columbian building.

For the Village intermediate position Miss Beatrice A. Pelletier was chosen to succeed Miss Firth. Miss Pelletier is a graduate of the three year course at Keene Normal School.

Miss Pia Magnani was elected to succeed Miss Barton in the Columbian primary school. Miss Magnani is a graduate of Keene Normal School, and has had teaching experience.

The teachers in all the other positions are the same as last year, and Mrs. Whitcomb of Keene was secured for another year as supervisor of music.

The Junior High school shows an enrollment for the present school year of 45 as compared with 50 last year, a decrease of five. The total enrollment for all the schools shows a decrease of 18 from the school year 1930-31.

Last year I gave a table of the school enrollment for the schools since 1920, which I believe was of some value in showing the distribution of pupils during a period of years. As this table takes up but little room I am again submitting it with the addition of the fall term of the present school year.

## ENROLLMENT

School Year	Junior High	Village Schools	Depot Schools	Rural Schools	Total
1920-21	24	55	62	45	186
1921-22	40	61	52	44	197
1922-23	41	61	50	53	205
1923-24	44	69	56	59	228
1924-25	40	63	58	46	216
1925-26	48	53	49	53	203
1926-27	53	49	41	48	191
1927-28	50	45	50	44	189
1928-29	52	41	57	42	192
1929-30	44	42	49	38	173
1930-31	50	46	40	31	167
1931 (Fall Term)	45	45	30	29	149
Average	44	52	49	44	191

The enrollment for the past three years has shown a steady decrease for the schools as a whole, and an especially sharp decline in the figures for the Depot schools and for the rural schools.

The Junior High alone shows an enrollment above the average given for the period of years. The Village schools are seven below the average, the Depot schools nineteen below the average, and the total for the rural schools fifteen below the average for the years given above, while the total for the town is 42 below the average of 191, and 79 below the high registration for the school year 1923-24.

In view of the financial conditions existing at the present time with the demand for a decreased appropriation, it might be wise to consider combining the six grades in the Columbian school for the present under one teacher. The Fitzwilliam schools are expensive because they are scattered, and their location makes the consolidation of schools maintaining the same grades out of the question.

It requires as many teachers in 1931 to teach 149 pupils as it did in 1924 to teach 228, but it appears reasonable that one room might be closed without reducing the efficiency of the school work, and thus save the salary of one teacher and the expense of the upkeep of one room for the next school year.

In considering the amount required to maintain approved schools it is necessary to be assured that all requirements for state aid are met, otherwise the full allotment will not be awarded, but will go to some town that does meet the requirements.

It is of interest to note that Fitzwilliam, together with the other towns comprising supervisory union No. 28 lengthened the present school year to 180 full school days, making approximately thirty-seven instead of thirty-six weeks in the school year. This addition of one week to the work of each teacher for the same salary as was formerly paid for the shorter school year amounts to an approximate reduction in salary of \$26.40 per month for the total payroll.

The work of the Fitzwilliam schools at this time is very creditable. All the teachers are doing their work loyally and skillfully, and the pupils are showing a good spirit of co-operation.

At this time I wish to express my sincere appreciation of the cordial support I have received in my work during the past year.

Very truly yours,

LEWIS S. RECORD,  
Superintendent of Schools.

East Jaffrey, N. H., February 1, 1932.
